

# Hunts Point Transport Refrigeration Unit (TRU) Incentive Program

**Incentive Funds Available to Replace Tier 0 to Tier 4-Interim TRUs**

## Funding Is Available

Qualified applicants are eligible to receive incentive funding towards the purchase of ultra-low emission Transport Refrigeration Units (TRUs). The funding is offered to tenants of the Hunts Point Produce Market (HPPM).

Replacement (New) TRU Technology	Maximum Rebate Amount
All-Electric	<b>\$27,500</b>
Diesel-Electric Hybrid	<b>\$37,500</b>
Diesel	<b>\$30,000</b>

## Apply Now!

The Hunts Point TRU Incentive Program is accepting applications on a first come, first served basis. Applicants are encouraged to apply today to take advantage of the generous rebate offer. HPPM tenants who apply early will secure the highest rebate available to replace aging TRUs with cleaner, more efficient technologies.

Rebate amounts are based on the maximum dollar amounts listed or on the total TRU purchase price, whichever is lower.

## Eligibility Requirements for Qualifying Trailers

- ✓ Qualifying trailer used for cold storage must be stationary and not be registered as on-road equipment.
- ✓ Applicant must have a clear title (proof of ownership) for the qualifying trailer.
- ✓ Qualifying trailer must be operated in the Hunts Point Produce Market.

## Eligibility Requirements for Qualifying TRUs

- ✓ Qualifying TRU must be Tier 0 (Pre-1999), Tier 1 (1999-2003), Tier 2 (2004-2007), or Tier 4-Interim (2008-2012).
- ✓ Qualifying TRU engine must be rated between 25 to 50 horsepower.
- ✓ Qualifying TRU must be operational.
- ✓ Qualifying TRU must be scrapped upon replacement.

## Eligibility Requirements for Replacement TRUs

- ✓ Eligible Replacement TRU technologies can be all-electric, diesel-electric hybrid, or diesel.
- ✓ Replacement TRU must be rated between 25 to 50 horsepower (or horsepower equivalent).
- ✓ Replacement TRU must remain stationary and in service for a minimum of 3 years or until the completion of the HPPM redevelopment.
- ✓ Annual reporting of TRU operation is required, including hours of operation and fuel consumption.
